

**DIRECTORY OF TRADE SUPPORT INSTITUTIONS IN THE
COMMON MARKET FOR EASTERN AND SOUTHERN AFRICA REGION
(COMESA)**

FEBRUARY 2010

Foreword

This document was prepared more particularly for the PACT II project of ITC. Listed TSIs are potential partners of ITC in its network capacity building efforts. To the extent possible, it aims at being as comprehensive as possible, in including all the national and regional TSIs from the region.

ITC has identified several Trade Support Institutions (TSIs) in each of the countries of the ECCAS, ECOWAS and COMESA member countries. This study was based on a thorough survey of the various international databases, interviews with officers who have worked in the region, references by the TSIs in the region themselves and ITC records. The collection of TSIs presented will make up the foundation of the ITC institutional partners' database in the region.

Like any other directory, this tool must be considered as a live document, acquiring constant updating. To that purpose, it will be highly appreciated that any TSI, whether recorded or missing in this directory, do not hesitate to contact ITC and communicate their updated data.
